

Poly Savi 7210 Office DECT 1920-1930 MHz Single Ear Headset

Move freely, get more done

Help office workers be more productive – it’s easier than you think. The Savi 7200 office series of DECT™ wireless headsets for desk phones are crowd pleasers that let workers roam far. Compatible with 800+ desk phones, they’re cost effective, too.

Hands-free productivity

Everyone in the office could use more flexibility. They can roam confidently 400 ft / 120 m from the headset base with up to 12 hours of talk time. And collaboration is simple, since teams can conference up to four headsets on a single base.

Easy Integration

Savi 7200 wireless headsets offer instant integration with over 800 analog and IP desk phones from industry leading makers - including a wide range of phones that Poly offers.

DECT™ Adaptive Power

Optimize range, save power, and maximize office space with the DECT™ adaptive power system. It automatically adjusts wireless signal strength based on distance from the headset base.

- Roam farther
Give workers more flexibility and hands-free productivity with a roaming range of up to 120 m / 400 ft from the headset base.
- 12 hours talk time
Build more confidence into every call with up to 12 hours of talk time with each charge.
- Training made easy
Collaboration is easier with conferencing of up to 4 headsets on one base.
- Charge indicator
Provide the peace of mind that comes from knowing headsets are always fully charged with the headset docking charge indicator.

Poly Savi 7210 Office DECT 1920-1930 MHz Single Ear Headset
